

ATTENTION RIO GRANDE CITY RESIDENTS:

We are embarking on a City wide clean-up project. For this project, multiple roll-offs will be setup at the 14 acres property located at the below address. Residents wanting to utilize the roll-offs will be required to show proof by providing a valid ID and Utility Bill. This is an opportunity to get rid of extra brush, appliances and bulky items. Residents will be required to haul and unload all trash items into the roll-off containers. If residents do not take their own bulky items to the 14 acres, these items will be picked at the usual place (in front of home) during the normal scheduled route.

In addition, trash is supposed to be set on the front of your property and not in alleys or empty lots. The Code Enforcement Department will be monitoring people throwing trash in alleys and empty lots with the help of surveillance cameras. Anyone caught leaving trash in an unapproved location will be charged with illegal dumping.

We encourage all residents to do their part in helping us keep Rio Grande City clean.
